Persons in employment (18-64)	11'648	11'725	+0.7%
Percentage of working-age population in employment	28.63%	28.80%	+0.6%

Figure 1: Persons with Protection Status 'S' in gainful employment – key sectors<sup>2</sup>

Source: ZEMIS database – status on 15.10.2024<sup>3</sup>

The above analysis is based on the entries made by the competent cantonal authorities in the ZEMIS database. A person can only apply for a work permit after they receive a letter from SEM confirming their S protection status. The cantonal authorities only record a work permit in the database after they have issued an S permit. This means that the actual number of work permits issued is higher than the figures shown here.

<sup>1</sup> This percentage does not indicate the rate of employment, but merely the proportion of persons with Protection Status 'S' who were in gainful employment on the date of reporting (all ages).

<sup>2</sup> Only the proportionally first five sectors are shown.

<sup>3</sup> These are daily figures, which may deviate slightly from the historicised data at the end of the month.
